Item #2

STAFF REPORT

To: Board of Directors
From: Kevin Taylor, Fire Chief 
Date: February 22, 2021
Topic: **Community Survey**

Summary

The District conducted a Community Survey as part of the Fire Station Location Study in late 2020. A total of 889 unique surveys were returned and analyzed. Based on the Survey, community members are generally pleased with the performance of the District and place a high value on fire response, emergency medical response, and wildland fuel treatment programs.

Discussion

The Community Survey is a very important part of the Fire Station Location Study and the upcoming Customer-Centered Strategic Plan process. During the Fire Station Location Study process, the Board directed staff to attempt to get as many unique survey responses as possible. To accomplish this task, AP Triton administered the survey through three separate sources: electronically on Survey Monkey, through a third-party telephone polling company that contacted community members directly by telephone, and paper surveys were mailed to every address in our District. The survey was open to community members for four weeks. We received a total of 889 unique survey responses: 323 telephone, 177 web, and 389 paper. The results of the survey and associated page numbers are summarized below.

92% of the respondents live in the District, the remainder own a business in the District or both live in the District and own a business in the District. 58% of those surveyed have utilized District services, 42% have not (pages 2-3). Of the 58% that have utilized District services, 59% reported that they were extremely satisfied. The remainder reported that they were either satisfied or neutral; 2% (12) reported that they were extremely dissatisfied with the service they received (page 4).

Respondents were asked if a four, six, or eight minute response time was appropriate; 799 community members responded to this question. 370 (46%) selected four minutes, 328 (41%) selected six minutes, and 101 (13%) chose eight minutes indicating that our community is evenly divided between a response time of four and six minutes (page 10). When asked what expectations were not being met, we received 668 unique responses the majority of which was “none” (page 66). “What is the Fire Department doing well” was answered 764 times (page 86). Responses ranged from “everything” to “pancake breakfast”. The survey asked community members what concerns they had about the Fire Department (page 108). 641 unique responses were submitted the majority of which were “none”. Several responses indicated that we could enhance our level of communication with the community. Interestingly, the next question asked what the Fire Department’s strengths were. 656 unique responses were submitted, the majority of which indicated community interaction and professionalism (page 127).

The next set of survey questions focused on advantages and disadvantages of expanding our partnership with the Carpinteria Summerland Fire Protection District. 721 responses provided advantages, 692

disadvantages. The general theme of advantages suggested was coordination and collaboration while service dilution was the general theme of the potential disadvantages (pages 147-168). Many responses included the need for coordination to ensure success in any partnership.

Finally, community members were asked to force rank the services provided by the Fire Department (page 18). In order, the top three priorities for our community are fire response, emergency medical response, and wildfire fuel treatment programs.

Conclusion

Staff recommends that the Board of Directors receive and file the Community Survey from AP Triton.

Q12 Prioritization of Services Listed below are the services provided by the fire department. We will take a moment before we ask you to prioritize these items (through a direct comparison process) to explain each service, so you have a good understanding of each service. Please select the service you feel is more important. Example: If you feel the first service is more important than the second service, you would select the first one.

Description of services:

1. Fire suppression - Responding to all types of fires
2. Public safety education - Providing Schools, general public and businesses life and fire safety education
3. Public assistance service - lift assists and other non-emergent services
4. Ambulance transportation - should the fire district provide ambulance transportation services (currently provided by AMR Ambulance services)
5. Fire safety inspection - Business and multi-family housing life safety inspection services
6. Fire investigation - determining the cause of a fire
7. Emergency medical service - Paramedic services provided by your fire department
8. Wildland Fuels Treatment Program - survey, plan and assist in the removal of wildfire fuels that are determined hazardous

559	There should be a mandatory program where homeowners must clear the excess debris: overgrown trees, dead bushes, excess piles of leaves, etc. Montecito Fire should employ a task force that visits and conducts an analysis of hazardous amount of ignitable fodder. The homeowner should be responsible on a yearly basis (before fire season) to clear brush and potential hazards. If the homeowner files to comply, they will be levied a service charge at the discretion of the task force to clear the appropriate brush. While difficult to enforce, I believe encourage neighbors to clean up overgrown trees and dead leaves can make our community safer, especially when another Thomas-esque fire occurs.	12/22/2020 9:17 AM

594	I don't know enough to answer either how quickly you should come in an emergency...or this question. Partnerships can frequently be a two edged sword.	12/28/2020 12:56 PM
595	More regional wildfire mitigation, brush management	12/28/2020 12:51 PM
596	Don't know--access to more resources?	12/28/2020 11:55 AM
597	redundancies in case of major emergencies	12/28/2020 11:42 AM
598	shared resources and costs I would assume. Better response times and ability to bring in extra resources quickly if needed.	12/28/2020 9:47 AM
599	Unsure	12/27/2020 2:58 PM
600	proximity to service area	12/26/2020 4:07 PM
601	potential cost savings	12/26/2020 12:39 PM
602	Ability to have faster response to non-fire or medical emergencies	12/26/2020 12:07 PM
603	It's a good idea ! Isn't this been done already ?	12/26/2020 2:39 AM
604	As I've already said, Montecito Fire gets an A+, so if the combine with other groups, hopefully those other groups would improve, but there is the risk that when paired with less competent agencies, it could complicate things, but I do have faith!	12/24/2020 4:56 PM
605	A lot, is this a trick question ? LOL I would expect it. Of course the economics need to be addressed but when something is needed, am expecting all hands on deck from the surrounding areas.	12/24/2020 3:51 PM
606	I would think, if done right, and without politics (see #11 below), it would strengthen the capabilities of Montecito Fire to respond rapidly and provide the best protection possible.	12/24/2020 3:41 PM
607	I don't know	12/23/2020 9:22 PM
608	Better emergency coverage, responsiveness, resources and fiscal savings.	12/23/2020 6:40 PM
609	Your members are in best position to know what aspects you consider underserved. Partnerships would need to be reciprocal, and at no diminishment to services or staffing, nor considered undesirable by employees of all levels.	12/23/2020 6:17 PM
610	Collaboration is an excellent way to extend services and provide better coverage. Regional cooperation is a good idea!	12/23/2020 1:09 PM
611	More resources hopefully means better response to a variety of issues and ability to do preventative work	12/23/2020 1:06 PM
612	Better emergency response times and increased financial benefits from collocation of a new fire station with CSFD.	12/23/2020 12:46 PM
613	more resources	12/23/2020 12:06 PM
614	Shared resources	12/23/2020 9:10 AM
615	Unknown	12/22/2020 9:30 PM
616	Shared cost of fire suppression services.	12/22/2020 5:48 PM
617	Need positive collaboration between MFD and SB County District 1 on solving potential fire/flood issues so that responsibility pointing is at a minimum. Too often one department or agency in the County has overlap responsibility but will not act or provide service since the request for service is at interface of responsibility between the 2 county agencies. This needs to get fixed. Perhaps delegation from one agency to the other makes sense.	12/22/2020 4:56 PM
618	Save Money	12/22/2020 4:17 PM
619	Don't know. If you mean combining with other fire departments there should be a considerable savings in cost	12/22/2020 4:16 PM
620	Ability to deal with both large and small incidents.	12/22/2020 2:31 PM
621	I don't know. But it seems to me, the more help available the better	12/22/2020 1:43 PM

630	not sure	12/22/2020 7:25 AM
631	Unclear. Which agencies? Paramedics or similar should help you with lift assist and ambulance transport.	12/21/2020 10:09 PM
632	More personnel; but I worry about a location further away from the immediate community	12/21/2020 8:53 PM
633	More manpower and more equipment.	12/21/2020 8:18 PM
634	Not enough knowledge to give an opinion	12/21/2020 7:30 PM

648	Potential access to additional resources to address the community needs	12/11/2020 7:00 AM
649	Don't know	12/10/2020 6:25 PM
650	More services available - we are a small district. Concern we may not have enough coverage, partnerships could provide mutual aid	12/10/2020 6:04 PM
651	Great response times for medical and fire. Cost savings to provide rapid response and great service.	12/10/2020 4:01 PM
652	Hopefully cost and staffing reductions	12/10/2020 2:12 PM
653	Cost reduction, border drop, fastest response regardless of jurisdiction	12/10/2020 12:38 PM

657	fire doesn't stop at district lines - stands to reason there should be cooperation and clarity in the grey areas - fire moves too fast for ambiguity	12/9/2020 1:30 PM
658	It greatly increases the possibility that an engine will be available to respond to a call even when there are other calls happening at the same or virtually the same time. It can also increase overlap in coverage.	12/9/2020 12:23 PM
659	backup for our local firefighters	12/9/2020 11:46 AM
660	Additional skills, availability of personnel, funding	12/9/2020 10:07 AM
661	Since the 1950s there has been talk of consolidation between districts, with the exception of SB city. One county dispatch, medical transport done with the fire department, not AMR.	12/9/2020 9:58 AM
662	More support, transparency	12/9/2020 9:01 AM
663	Help for all concerned.	12/9/2020 9:00 AM
664	The powerline risk needs to be addressed. All the wires all over Montecito need to go underground.	12/9/2020 8:43 AM

691	Faster arrival. Shared resources. Maybe reduced overhead?	12/8/2020 12:48 PM
692	Quicker service	12/8/2020 12:38 PM
693	I don't really see any. Doing a great job as it is.	12/8/2020 12:06 PM
694	Why isn't the emergency access bridge on mountain dr going into the san ysidero ranch been re- built?? It's been 3 years. Why can the onset of ranch delay this important emergency access!!	12/8/2020 11:53 AM
695	Teamwork is always good	12/8/2020 11:42 AM
696	Sharing expensive specialty equipment and specially trained personnel.	12/8/2020 11:18 AM
697	Sharing of resources	12/8/2020 11:14 AM
698	Perhaps whatever agency that deals with the trails (forest) and come up with patrols to make sure reckless behavior such as camp fires be avoided OR/AND working with County governance to enforce parking at trail heads. What is happening on our trails after dark is getting out of control.	12/8/2020 11:10 AM
699	It is always a good practice to coordinate services as fires can spread very quickly	12/8/2020 10:53 AM
700	Fire safety in our hills. Parked cars behaving irresponsibly in fire prone areas need to be asked to leave. I'm assuming other agencies can help in these matters.	12/8/2020 10:45 AM
701	Better call times, have back up when you need it.	12/8/2020 10:07 AM
702	Montecito needs more social services and medical services (for homeless, low-income, seniors)	12/8/2020 9:45 AM
703	IDK	12/7/2020 7:05 PM
704	More resources, finances and faster response time	12/7/2020 5:28 PM
705	Quicker response times	12/7/2020 5:22 PM

707	Bring more assets to bear.	12/7/2020 3:43 PM
708	Better coordination, access to resources, faster response, community	12/7/2020 1:54 PM
709	coverage and cost reduction	12/7/2020 1:03 PM
710	Keep it simple. Do not let other agents get involved with what you do best.	12/7/2020 12:47 PM
711	I am not sure who is supposed to show up when someone calls 911 for a medical issue. Is the MFD or an ambulance or someone else?	12/7/2020 12:37 PM
712	I don't know	12/7/2020 12:37 PM
713	With strong organizing it would be great. Bringing it all together!	12/7/2020 12:32 PM
714	Better responses when a scaled response is required or resource constraints may be local only	12/7/2020 12:31 PM
715	History now shows we need the men and equipment	12/7/2020 12:28 PM
716	If we had a fire too big, like the Thomas fire	12/7/2020 12:27 PM
717	Not sure, seems like we would be greatly expanding the coverage area	12/7/2020 12:21 PM
718	Should be some cost efficiencies in staffing, training, equipment	12/7/2020 12:17 PM
719	Such networking, cooperation & sharing of resources obviously benefits all & perhaps even reduces costs	12/7/2020 12:17 PM
720	Not in my expertise.	12/7/2020 12:15 PM
721	Continuity of services	12/7/2020 12:12 PM

Q11 What disadvantages would there be in expanding partnerships with other agencies for services?

1	We appreciate all that the Montecito Fire Department does. Thank you!	1/12/2021 11:25 AM
2	Thanks for all you already do.	1/12/2021 11:15 AM
3	If homeowners have to do fire clearance why does California have to do it on their land as well. We need control burns to help stop wildfires. If the Native Indians did it, why can't you?	1/12/2021 11:05 AM
4	Only do fires. ambulances independent for accidents and medical except extraction.	1/12/2021 10:36 AM
5	Thanks for the opportunity to share our opinion.	1/12/2021 10:26 AM
6	Thank you. I have so appreciated your courtesy and professional attitude.	1/12/2021 10:19 AM
7	Sorry-I have run out of patience! Enough! But I didn't....here's the answer: I love you guys!	1/12/2021 10:16 AM
8	Dept. doing very well!	1/12/2021 10:08 AM
9	Thank you for all you do for our community.	1/12/2021 9:56 AM
10	This is very confusing!!!	1/12/2021 9:49 AM
11	All are important. Please see my priority rating above. 1,6,8,4,5,1,2,3	1/11/2021 4:40 PM
12	I don't think that Fire Dept. needs to follow paramedics unless fire is present. 1.Fire suppression 2.Public assistance services 3.Public safety education 4. fire safety inspection	1/11/2021 4:35 PM
13	Thanks to all!!	1/11/2021 4:17 PM
14	There's a lot of trees in this area. People wouldn't want it another way. That's one reason they live here, not San Jose. So I think education has to be number one. Maybe more hydrants, and higher pressure water systems, particularly at area where Montecito is next to undeveloped land.	1/11/2021 4:04 PM
15	Too many choices. What are public assistance services?	1/11/2021 3:49 PM
16	There is no reason to change the location. It is the Montecito Fire Dept. and we all cherish the Montecito Fire Dept. as is-if it is not broken-don't fix it! it could not be better!	1/11/2021 3:47 PM
17	I don't think this is a good questionnaire. The Fire Dept.'s main function is to put out fires and a quick response time is very important. Emergency medical services is next as you are equipped to do that. Fire Investigation is a necessary follow up and public education is very important.	1/11/2021 2:48 PM
18	I don't feel the public has the answers! Best to come from the staff or professionals.	1/11/2021 2:13 PM
19	lot owned/hours destroyed in mudslide. Same answer as on other survey.	1/11/2021 2:03 PM
20	Please tell Dan and his partner how much I appreciate their rescue after the mudslide.	1/11/2021 2:01 PM
21	Build your OWN station #3, West Mountain Drive area or East Valley Road but your own, so that you are not subsidizing another fire agency.	1/11/2021 1:00 PM
22	Montecito Fire Dept. is the "BEST"!!	1/11/2021 12:53 PM
23	You guys/gals do a great job for all of us Montecito residents. Thank you!	1/11/2021 12:38 PM
24	The Montecito Fire Dept. has been totally there the 50 years I have been/lived here! I love the Fire Dept. My go to number, great!!!	1/11/2021 12:31 PM
25	All go hand in hand. We need all safety and education.	1/11/2021 12:11 PM
26	Montecito has a great fire dept. They are hardworking heroes.	1/11/2021 12:08 PM
27	It seems rather tricky. If the ambulance has to travel from SB then the fire department is much closer. But the fire dept. job is to investigate fires and suppress wildland fuel and put out fires.	1/11/2021 11:51 AM
28	Thank you for your service.	1/11/2021 11:19 AM
29	When allowable, more face time with community members; such as, "Coffee with a firefighter"; or firefighters in pairs walking into businesses to say hello, introduce themselves and asking if they have any questions about the department or it's duties.	1/11/2021 11:14 AM

30	Thank you for your service to our community.	1/11/2021 10:59 AM
31	Thank you.	1/11/2021 10:46 AM
32	The categories at the top of question 12 were ranked as follows: 1,6,8,7,5,3,2,4 Thank you for your dedication to public service.	1/11/2021 10:41 AM
33	All important but fire suppression should take precedence mostly. I circled items that would need immediate attention "can't wait"-time for inspections and education between emergencies. Paramedics used to be separate. When they combined the two, they started sending out fire trucks w/ the ambulances. I can understand ambulances being sent w/ fire trucks, but not the reverse-why does a fire truck need to be there for a heart attack? If it was a car accident or an accident I can see it.	1/11/2021 10:34 AM
34	The current ambulance system seems adequate. Certainly fires and emergency medical are the most important. I witnessed an emergency medical response at a neighbor's house. All who came were totally professional and very caring and polite. All good!	1/11/2021 9:19 AM
35	Actual fire scenario will dictate how these different actions are prioritized. These are my personal priorities. Stay safe!	1/11/2021 9:14 AM
36	Thank you for being there!	1/11/2021 9:08 AM
37	What possible justification can there be for withholding (or concealing) this information from the public? The work the Fire Dept. does is much appreciated but the salaries, pensions and benefits being paid are grossly excessive and continue only because the public is unaware of the over payment. I request that the salaries and benefits of department staff be published in their entirety in your annual report. I feel if put to a vote, residents would approve of this step by a great majority.	1/11/2021 9:00 AM
38	I have only one coffee mug left-you should do again and they would sell out. I will take 6.	1/11/2021 8:56 AM
39	Fire Suppression, Public Assistance Service, Emergency Medical Services: These three are most important, other departments/branches could handle the other tasks not firefighters.	1/9/2021 1:05 PM
40	Very satisfied with services of the department.	1/9/2021 12:50 PM
41	Great job on survey.	1/9/2021 12:42 PM
42	Each one of these is critical and top priority. Go for it! Get all you need. You have great support in Montecito.	1/9/2021 11:57 AM
43	We think you're doing a great job and appreciate all that you do!	1/9/2021 11:42 AM
44	Keep up the professionalism and good work!	1/9/2021 11:27 AM
45	1. Fire suppression 2. Emergency medical 3. Wildland fuel treatment 4. Fire safety inspection 5. Public assistance	1/9/2021 11:25 AM
46	Thank you for your excellent service to our/your community.	1/9/2021 11:19 AM
47	Great job!	1/9/2021 11:09 AM
48	Fire suppression is paramount. It is great to have the additional services. Some communities provide free ambulance services as well as fire suppression. I find it confusing when 911 is called for a health issue and a fire station EMT vehicle arrives plus an ambulance. It is an expensive exercise.	1/9/2021 11:01 AM
49	Thanks for everything you do!	1/9/2021 10:39 AM
50	Thank you for the good service.	1/9/2021 10:35 AM
51	Does wildland fuel treatment program pertain to individual properties or just public and wildland areas? Need more homeowners to remove fuel from their properties.	1/9/2021 10:20 AM
52	I do support public assistance and ambulance transportation if it's cost effective-as there are others who supply this need. Public education is a real need, as is inspections and investigations.	1/9/2021 9:53 AM
53	Your EMT's are exceptional. Have helped us many times. We would consider making a substantial donation to the MFD. Tried to give a scholarship for a young paramedic years ago but it went nowhere. Let's try again.	1/9/2021 9:39 AM

54	I think our local fire department is doing a good job as far as I know.	1/9/2021 9:28 AM
55	#12-39 are not reasonable either/or and display a survey bias. Not impressed with MFPD pulling out of previous #3 station location based on 10 noisy neighbors. Shows lack of conviction/research.	1/9/2021 9:27 AM
56	Thank you!	1/9/2021 9:15 AM
57	Happy with service. Thanks. Merry Christmas. Keep up the good work!	1/9/2021 9:08 AM
58	Thank you!	1/9/2021 8:58 AM
59	Questions 19-39 are equal priority.	1/9/2021 8:50 AM
60	I hope you find a way to have safe control burns around our community. Prevention should be a top priority. I also hope you are surveying the fire fighters themselves as they know more than we do about fires and their dept. needs.	1/9/2021 8:18 AM
61	Thank you for all you do!	1/7/2021 6:25 PM
62	Consider contracting for fire investigations.	1/7/2021 5:48 PM
63	Because the major fires are weather/wind related, I'm not convinced that wildland fuel treatment program is cost effective, except near homes and buildings. They should be built using the most fire proof or fire resistant design and materials. Maybe building codes should be updated.....	1/7/2021 5:40 PM
64	The need for an additional fire station is not supported by service levels or call load. Focus on wildland mitigations to make a difference.	1/7/2021 5:34 PM
65	Thank you for all you do!	1/7/2021 5:09 PM
66	1)Fire suppression 2)EMS 3)PAS 4)Fire Safety	1/7/2021 5:03 PM
67	I am all for a third Montecito station to ensure all of Montecito is covered for swift response time in emergency.	1/7/2021 4:56 PM
68	Am I interpreting this wrong? The above seem like silly choices. Often the choices compare an essential service which would cost lives if not executed, versus something like public safety education, which is nice, but not as critical.	1/7/2021 4:40 PM
69	Thank you for all you do for us.	1/7/2021 4:32 PM
70	Great Dept.! Great Station at Cold Spring!	1/7/2021 3:13 PM
71	Thank you!	1/7/2021 3:03 PM
72	This is a prime opportunity for Montecito to become a leader/example (as many small businesses in the area). Learn and implement real, proven, up-to-date fire fuel management. Show California how it can be done efficiently.	1/7/2021 2:44 PM
73	I don't agree with selecting any one. The job should be a combination of both.	1/7/2021 2:23 PM
74	You are the fire professionals! The fire dept. should do fire related things first and foremost. I understand first and the immediacy, but an ambulance can do their job. Thank you!	1/7/2021 2:16 PM
75	It's not clear what all of the above really means. Fire suppression and medical services is most important to me.	1/7/2021 1:09 PM
76	These are ALL important. Fire suppression tops all, but all the others are very needed.	1/7/2021 11:20 AM
77	Thank you for all of your hard work. Happy holidays!	1/7/2021 11:17 AM
78	Thank you.	1/7/2021 11:05 AM

83	That questionnaire is something I don't understand. Just do what you all are doing. I do know that they should all have either an IRA Roth or 401k and put in as much as possible as young people! Please teach them about compounding interest!	1/7/2021 10:20 AM
84	N/A	1/7/2021 10:10 AM
85	Montecito Fire Dept. personnel are awesome!	1/7/2021 9:59 AM
86	Why does Fire Dept. respond to EMS, just to have AMR take over and transport? If the service can be provided for free, by the County, it is preferable to paying a huge ambulance fee. But, is having the fire dept. respond a fair allocation of taxpayer resources?	1/6/2021 6:16 PM
87	I do not feel equipped to prioritize the above.	1/6/2021 5:52 PM
88	No	1/6/2021 5:05 PM

91	Montecito fire department "ROCKS!!"	1/6/2021 5:01 PM
92	Why don't we have Montecito Police Department? It's our understanding that Carpinteria has 2 dedicated County Sheriff Deputies and Montecito does not. We only moved into the area in late June but the lack of speed control in front of our house on San Ysidro Road is difficult to understand.	1/6/2021 5:00 PM
93	In all my answers would change on if any of them involved inspecting powerlines things like that.	1/6/2021 4:59 PM

438	Your most important service to me is the brush clearing and chipping program. My criticism though, is since it only occurs once a year, it's overwhelming. Ideally, I'd like to see it take place quarterly. It can be done on a smaller scale then. At least, consider a twice a year program. Don't explain it depends on grant monies. You can afford it.	1/5/2021 5:05 PM

444	Thank you!	1/5/2021 3:27 PM
445	I really think the above services are all important and one is not more important than the other. Fire suppression, in my opinion, is the most important. all the other services are important too and should not be compared. Different folks will have important issues. You do a great job keeping us safe.	1/5/2021 2:48 PM
446	Too many objectives (like police). Focus on two, don't spread too thin!	1/5/2021 2:39 PM
447	Don't understand logic of questionnaire. They are all important and depending on the event occurring in real time, you would choose one or the other or need both immediately.	1/5/2021 2:27 PM

450	We wholly appreciate all you do. Stop trying to contain forest fires that are not endangering houses. They need to burn! And we should stop building near forests-not your concern, entirely, but we are creating problems because those houses will always burn down!	1/5/2021 12:00 PM
451	EMS is very important but not sure the fire department should be doing it. So that Hass to be taken into account with the answers. Does not seem that the fire department should be involved with ambulance transport. But I'm not really very well versed on the subject.	1/4/2021 10:17 PM
452	We appreciate you!	1/3/2021 5:22 PM
453	Thank you	12/29/2020 3:43 PM
454	Question 35 seemed to malfunction. Only one choice was available. In general, we feel the fire department should prioritize those things that only they do and that they are best suited to do and allow other entities, public or private, cover other things (e.g., ambulance services being handled by an ambulance company, fire inspections being handled by an insurance inspector, etc.). Where possible, prevention should also be prioritized. Last, emergency response is critical.	12/28/2020 11:45 PM

459	thanks for including us!	12/24/2020 4:56 PM
460	The prioritization questions above for ranking services was pretty confusing. Maybe survey Monkey has a better way to totem pole the items instead of multiple comparisons. Super NOVA, Mega GALACTIC THANK YOU for all you do.	12/24/2020 3:51 PM
461	Keep up the GREAT work!	12/24/2020 3:41 PM
462	Thanks for your great work. The prioritization part of survey seems generally to be meaningless since we were choosing between unrelated priorities, and with very little information. I would expect you to prioritize according to your employees' assessment of needs and professionally determined best practices for each category. You're getting uninformed opinions generally based on news coverage and personal experience rather than latest research. Frankly, I don't see the value on questionnaires, aside from PR value in making us feel consulted. Please get and use professional advice in these critical areas.	12/23/2020 6:17 PM
463	I thought your comparison questions were categorized in such a way that you are looking to make the Department all things to everybody and won't help with the other question at hand, Does the District need to find a mutually beneficial location for a collocation of a new station with the CSFD/MFD.	12/23/2020 12:46 PM

STAFF REPORT

To: Montecito Fire Protection District Board of Directors
From: Kevin Taylor, Fire Chief 
Date: February 22, 2021
Topic: Side Letter of Agreement – Montecito Firefighter’s Association

Summary

The Public Information Officer (PIO) will work as a member of Staff as defined by our current Memorandums of Understanding (MOU). The side letter of agreement will remove the Communications Coordinator classification from the Montecito Firefighter’s Association (MFA) MOU.

Discussion

The PIO will work as a member of Staff as defined by current MOU. The position was previously classified Communications Coordinator and part of the MFA MOU. Staff met with the designated representatives of the MFA and Members of Staff on the proposed side letters of agreement, both represented groups agreed to the side letters.

The Communications Coordinator classification is articulated in several sections of the MFA MOU: Section 1: Recognition, Section 28: Salary Rates and Section 31: Retirement. Once executed, the side letter of agreement will formally remove the Communications Coordinator classification from the MFA MOU.

Conclusion

Staff recommends that the Board authorize the President of the Board to execute the Side Letter of Agreement with the Montecito Firefighter’s Association dated February 22, 2021.

STAFF REPORT

To: Montecito Fire Protection District Board of Directors
From: Kevin Taylor, Fire Chief 
Date: February 22, 2021
Topic: **Side Letter of Agreement – Members of Staff**

Summary

The Public Information Officer (PIO) will work as a member of Staff as defined by our current Memorandums of Understanding (MOU). The side letter of agreement serves to identify the PIO in the Members of Staff MOU, formally classify the PIO as an FLSA non-exempt position, identify salary rate, and classify the position as a Miscellaneous (Non-Safety) PERS employee.

Discussion

The PIO will work as a member of Staff as defined by current MOU. The PIO position was previously classified as Communications Coordinator and part of the Montecito Firefighter's Association (MFA) MOU. Staff met with the designated representatives of the MFA and Members of Staff on the proposed side letters of agreement, both represented groups agreed to the side letters.

The side letter of agreement for Members of Staff includes modifications to Section 1: Recognition, Section 12.1: Fair Labor Standards Act Overtime, and Section 29: Salary Rates. Once executed, the side letter of agreement will formally modify the language of the existing MOU with Members of Staff. Specifically, this action will add the PIO to the Members of Staff MOU, identify the PIO as an FLSA non-exempt employee, and classify the PIO as a miscellaneous, non-safety PERS employee.

Conclusion

Staff recommends that the Board authorize the President of the Board to execute the Side Letter of Agreement with Members of Staff dated February 22, 2021.

STAFF REPORT

To: Montecito Fire Protection District Finance Committee
From: Kevin Taylor, Fire Chief *KT*
Prepared by: Araceli Nahas, Accountant *AN*
Date: February 22, 2021
Topic: Long-Term Financial Outlook

Summary

The Long-Term Financial Outlook is presented to the Board to provide an overview of available funding, identify future commitments and identify key variables that cause change to revenue and expenditure levels. The five-year forecast will be used as a tool for the development of the District's annual budget and can assist the Board in identifying financial policy recommendations.

Discussion

The Long-Term Financial Outlook development process includes a review of revenue and expenditure trends, labor costing analysis, discussions with the Auditor-Controller's Division Chief for Property Tax Administration regarding revenue projections, meetings with pension and OPEB actuaries, and a review of future financial commitments.

The forecast is based on historical averages and/or known factors and there are no assumptions on future staffing levels or changes to service levels to the community. For your reference, attached is the five-year forecast presented to the Board last February.

Conclusion

Staff recommends that the Board receive and file the Long-Term Financial Outlook.

STAFF REPORT

To: Montecito Fire Protection District Board of Directors
From: Kevin Taylor, Fire Chief *KT*
Prepared by: Araceli Nahas, Accountant *AN*
Date: February 22, 2021
Topic: **Board Member Education Through SDRMA**

Summary

The District's membership to the California Special Districts Association (CSDA) and Special District Risk Management Authority (SDRMA) provides board members with governance education opportunities. As an added incentive to promote participation, SDRMA's workers' compensation program provides a Credit Incentive Points (CIP) Program in which every CIP earned is equal to a 1% discount on the District's worker's compensation premium - \$6,400 per point in the current fiscal year.

Discussion

As part of this program, the District can earn up to four points for Board member completion of two pre-approved webinars, and attendance by two Board members at the upcoming virtual SDRMA Safety/Claims Spring Education Day on March 3rd and 4th, resulting in Workers' Comp premium savings of \$25,600.

Policy 213.5, Director Compensation, calls for Board approval for the attendance and member compensation of the webinars and SDRMA virtual event.

Conclusion

Staff recommends that the Board approve attendance and compensation for up to four Board members for attendance of the two webinars and SDRMA Spring Education Day.

6. Fire Chief's report.

Division Chief Neels recognized Acting Captain promotions for Nicholas Eubank, Billy Wrenn and David Johnson. He reported 792 hours of training for the month of December. He also highlighted significant calls for the month of December. Chief Taylor stated that the Board would receive paper copies of the Fire Station Location Study on Monday, February 1st. He stated the next Fire Station Location Committee meeting would be held on March 25th. Chief Taylor stated he and Chief Fish are proposing that the full Boards, Carpinteria-Summerland Fire Protection District and Montecito Fire Protection District have a Special meeting together to review the Fire Station Location Study. Chief Taylor stated the Community Survey is complete and the report will be sent to Directors electronically after the meeting. Chief Taylor stated the stay-at-home order was lifted this morning and Santa Barbara County is back in the purple tier. He added the organization remains in phase 2 of the Continuity of Operations Plan, and front-line employees are in the process of being vaccinated. Chief Taylor stated that Cal OES requested all Fire Chiefs in California to assist with vaccination programs. He added that Department Paramedics are currently being trained to administer vaccinations, and staff may assist at point of distribution sites. Chief Taylor stated the Public Safety Task Force has established three work groups: parking, dispersed camping and homeless encampments. He stated they continue to make progress in all three areas. Chief Taylor stated the Request for Proposals for the Evacuation Study went out on January 18th and will be presented to the Board for award at the March 22nd meeting. Chief Taylor stated the Governor's proposed budget contains 1 billion dollars in wildfire mitigation funds. He stated the Prevention Bureau is looking for opportunities to increase the community's resiliency and resistance to wildfire particularly through home hardening. Chief Taylor provided an update regarding the weather forecast.

7. Board of Director's report.

Director Powell stated he is on the Wildfire Prevention Task Force as an at-large community member and is not representing the Fire District.

8. Suggestions from Directors for items other than regular agenda items to be included for the February 22, 2021 Regular Board meeting.

Director van Duinwyk suggested that at some point the District establish a pilot program to deal with proactive preventative measures regarding wildfires along the interface of Fire District and National Forest.

Meeting Adjourned at 3:13 p.m.
